HOW IT WORKS

National Kiddie Tractor Pull is a miniature tractor pull for boys and girls from the ages of 3 through 8 years old. It is 1/10th scale size using pedal tractors and a scale size weight transfer sled. The pull lane is 30 feet in length. There are three age classes, a 3-4 year old, 5-6 year old, and 7-8 year old class. They pull the sled with a pedal tractor and as they proceed down the pull lane the box moves forward transferring the weight from the wheels to the pan, which makes it harder to pull. Weight is loaded into the box until we get a winner in each class. The first three children to win in each age class are invited to pull at the Grand National Tractor Pull in January each year in conjunction with Power Show Ohio.
